# This Is What You Live For.

*The perfect scenery. The perfect people. The perfect vacation.*

This is the moment that makes it all worthwhile. The time you think about when you're not here. The time in your TrailManor.

TrailManor has been providing moments like this for over 20 years. Our founder is a camping enthusiast (and an engineer), and he designed the TrailManor so that it would be easy to tow, easy to set up, and easy to enjoy.

*Because that's why you came out here. To take it easy.*

# The Fun Starts The Moment You Leave Home.

TrailManor is ideal if you have owned a tent camper in the past and want to trade up to something better. The unique TrailManor design gives you the easy towing of a tent camper, plus features you'd expect to find only in upright travel trailers, such as a hardwall bathroom with tub, a complete kitchen, a luxury interior, and the insulation and security of a travel trailer.

All in a lightweight package that's easy to tow. That makes TrailManor an ideal choice for today's smaller vehicles, including SUVs, pickups, and even minivans.

This combination of easy towing and luxury means that you don't have to wait until you get to your destination to begin enjoying yourself. Because driving is so much easier, the fun starts the moment you leave home.

## S E T T I N G U P H A S N

With TrailManor, you also get amenities no tent camper can offer. You can open and close a TrailManor in the rain without everything inside getting wet. It's as easy as opening a car trunk—no cranks or cables. In fact, you can open a TrailManor in as little as two minutes.

How's that for fast?

You have permanent beds, but you don't have to wrestle with bed supports, because they pull out automatically. Our highly-insulated walls keep you warmer in winter and cooler in the summer. And you can look out glass windows for a clear view of what you came to see in the first place.

*It's the best idea that's popped up in years.*

# Exceptional Comfort. Exceptional Style.

*Look inside a TrailManor. You'll find just as many good ideas as you see on the outside.*

Model 3023

There's remarkable luxury and room for a lightweight trailer. In fact, the inside of a TrailManor is what you'd expect to see in a conventional travel trailer. There's a hardwall bathroom, with shower and tub. You have a complete kitchen with a three-way refrigerator and lots of counter space. Comfortable furniture. Designer wall coverings and window treatments.

Beds are permanent, and out of the way of the living space.

If you don't need two permanent beds, the front slide-out models provide an even larger living room with a sofa bed and full sized chair. On models with king-size beds, there's 42 cubic feet of additional storage space with an extra wardrobe under the bed.
