World's Lightest, Easiest Towing Travel Trailers

www.trailmanor.com

A SMARTER WAY of thinking about travel trailers

Imagine a travel trailer that offers all the room you need, but is still light enough so it can be towed with a properly equipped minivan, crossover, or SUV.

That's the idea behind TrailManor, a unique hardwall trailer that's specially designed to provide the easy towing of a fold-down camper along with the luxury and comfort of a traditional upright travel trailer.

A TrailManor folds down for efficient towing, but sets up in just two minutes, as easily as opening a car trunk. Unlike many folding trailers, you don't have to crank or wrestle with wet canvas or bed supports.

AMAZING INTERIORS

TrailManors feature interior amenities you'd expect to find only in larger trailers, including full kitchens with plenty of counter space and storage, plus hardwall bathrooms. Choose from two-bed, slide out living room, and slide out dinette floorplans.

You can even open a TrailManor in the rain without everything getting wet.

And with TrailManor, you can have a full kitchen with a stove and three-way refrigerator; a private hardwall bath with shower; and your choice of floorplans to select the perfect fit for you and your family.

With our folding swing hitch, you can store most TrailManors in a normal-sized garage.

If you're looking for the perfect travel trailer, TrailManor is the smarter way to RV. Your vacation starts the moment you leave the driveway.

EASY SETUP ▶

Torsion Lift Technology makes opening a TrailManor as easy to open as a car trunk. Complete setup takes about two minutes. You don't even have to unhitch.

Optional swing hitch shortens the trailer by two feet. With the swing hitch, you can store most TrailManor models in a normal-sized home garage, with the door closed.

It only takes about one extra gallon of gas to tow a TrailManor 100 miles!
